SKILLS

JavaScript	Ruby
HTML	Python
CSS	Rails
React	RESTful API
TailwindCSS	Git/GitHub
Node	SQL

EDUCATION

Electrical/Electronics Engineer Diploma

Hutchinson Technical H.S.
2013-2017

IT Automation with Python Certificate

Google Career Certificates
2022

PROJECTS

AI Self Driving Car
--> JavaScript, HTML, and CSS

ARA (Anime Recommendation App)
--> React, Rails, TailwindCSS, etc.

LUX R US (Luxurious Apartment App)
--> Javascript, React Ruby, Rails

Grand Slam (Blog App)
--> Javascript, React Ruby, Rails

MY VALUE

As a Full Stack Developer, my insatiable thirst for knowledge drives me forward. I fully embrace the dynamic nature of technology, seeing it as a chance for both personal and professional advancement. I am dedicated to constant learning, a trait that empowers me to make meaningful contributions to projects and be an invaluable member of any team.

PROFILE SUMMARY

Full Stack Developer with a strong foundation in front-end and back-end web development. Proficient in HTML/CSS, JavaScript, Ruby, and other programming languages, with experience in building responsive and dynamic web applications. Possesses a keen attention to detail and a commitment to maintaining clear and concise documentation throughout the development process. An enthusiastic learner, with a passion for applying newfound knowledge into the portfolio. Experienced in developing web applications using Agile Development Methodology.

EXPERIENCE

Ruby Back End Developer

Coach.me July 2023 - Current

- Fixed bugs and other errors in the Ruby back-end codebase, ensuring smooth and reliable functionality for Coach.me.
- Collaborated closely with Ombulabs to successfully upgrade the website, ensuring enhanced performance and security.

Front End Developer

Zoe.com June 2023 - July 2023

- Enhanced front-end functionality by leveraging various APIs, resulting in a seamless and optimized user experience.
- Implemented new features to enhance the user experience and functionality.
- Developed UI/UX skills using Tailwind CSS, TypeScript, and React.
- Collaborated on cross-functional teams to create user-friendly interfaces.

Full Stack Web Developer

LEARN Academy March 2023 - June 2023

- Completed a rigorous three-month coding bootcamp program to apply skills to real-world projects. Gained expertise in front-end web development technologies such as HTML, CSS, JavaScript, and React, as well as back-end technologies including Ruby, Ruby on Rails.
- Successfully built full-stack web applications from the ground up, utilizing RESTful APIs, version control with Git/Github, and deployment with Vercel. Collaborated with other developers and designers to work on team projects, honing skills in communication, teamwork, and project management.
- Developed a strong understanding of software engineering principles, data structures, and algorithms, and demonstrated proficiency in problem-solving and debugging. Continuously learned and adapted to new technologies and frameworks, staying up-to-date with the latest trends in the industry.

Information Technology Professional (Secret Clearance)

Marine Corps Air Station Miramar December 2017 - December 2022

- Configured and set up multiple networks, prioritizing reliable connectivity and network security.
- Provided technical support to over 500 military personnel in MCAS Miramar, maintaining computer hardware, software, and network systems.
- Ensured operational readiness of mission-critical communications during multiple training exercises.
- Managed user accounts, passwords, and permissions across various systems, including classified networks.
